

# ACTIVE AIR LITE

a United Safety product

## CREATE A SAFER ENVIRONMENT FOR YOUR CREW

### ACTIVELY ELIMINATES VIRUSES AND BACTERIA

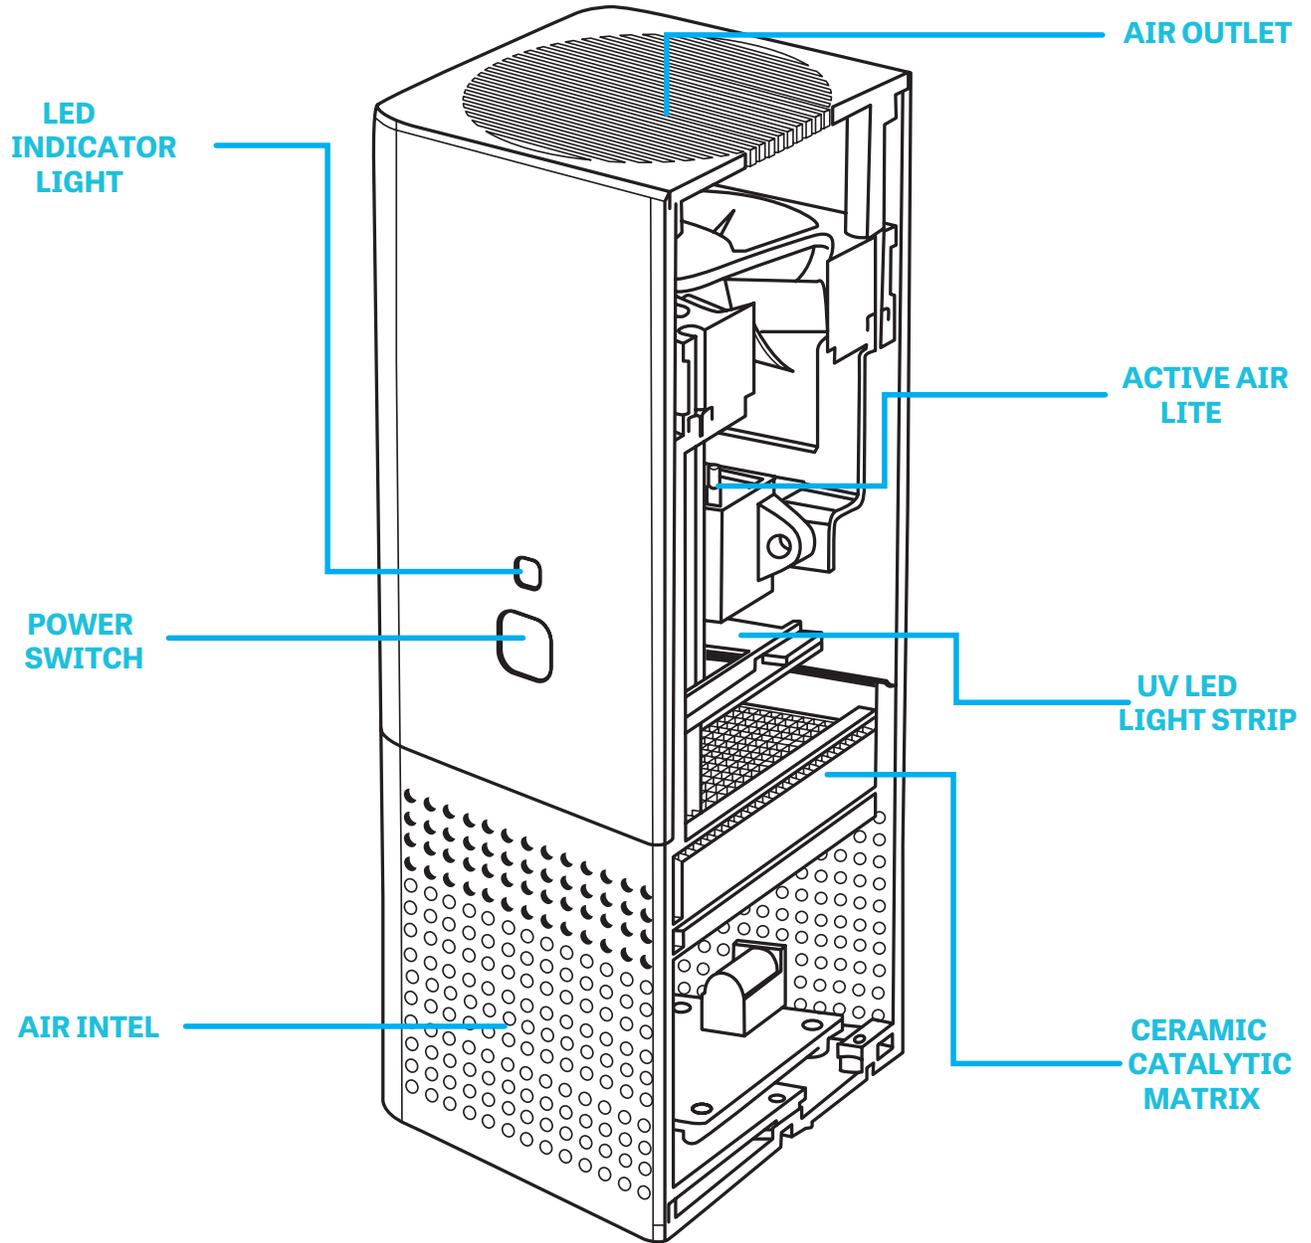

Active Air Lite is designed to reduce cancer causing carcinogens and actively eliminates viral and bacterial pathogens, odors, molds, and mildew by utilizing safe levels of naturally occurring hydrogen peroxide. This portable system fits inside a cup holder and is ideal in smaller spaces such as commercial first responder vehicles.

- Actively eliminates viral and bacterial pathogens including SARS-CoV-2 which causes COVID-19
- Utilizes safe levels of naturally occurring hydrogen peroxide (H<sub>2</sub>O<sub>2</sub>)
- Increases air quality and safety for occupants and eliminates common odors and mold/mildew
- Causes no damage to interior surfaces or electronics
- Non-Corrosive
- No UV exposure
- 1 year warranty
- Easy access to on/off switch button
- Lightweight design and minimal energy consumption

\*Active Air Purification helps mitigate infection risk but should be used in conjunction with procedures in compliance with NFPA 1581 Standard on Fire Department Infection Control Program or equivalent department policy. This device does not claim to treat or reduce fire ground contaminants.
